Catalogue

Introduction

The catalogue is in entry number order and lists most collections at individual item level. The catalogue lists each collections entry number, description, date range, and accession numbers.

There are two indexes for this catalogue: a subject index and a name index, both of which are arranged in alphabetical order.

Enquirers can only request five items at any one time to view. When requesting items for viewing please note down the entry or loan number, and accession number, as this will assist retrieval from the storage areas.
